Garrett Morgan

(1877 – 1963)

African American, self-educated innovator, businessman and community leader who saved countless lives with his inventions of the first gas mask and the first three-position traffic signal. Alfred Nobel

(1833 - 1896)

Swedish inventor of dynamite and other explosives whose will left his vast fortune to a fund which would “annually be distributed in the form of prizes to those who, during the preceding year, shall have conferred the greatest benefit to mankind.” It is believed Nobel had moral regrets over the increasingly lethal uses of his inventions in war.

## A Message From The Publisher

The New Year is a Celebration of Town Planner Community Calendar's Eighth Year of Publication! Along with continuing calendar editions in Riverside and Corona, 2025 marks the inaugural calendar for the city of Eastvale!

The Town Planner continues to be a positive force in the community. In the 2025 Riverside edition, the theme is "Always Strive to Do Better.... People Who Will Inspire Our Children." The theme stemmed from my affinity to read about little-known, but inspiring historical figures whose contributions for the betterment of society were nothing short of remarkable. I want our children to believe if they pursue their passions, they may become one of these extraordinary individuals one day. I hope the stories in each month of the Calendar will help contribute to our children's inspiration to do better. Fittingly, the Calendar cover has my son Karson along with my nephew Ashton – two outstanding young men who excelled in academics, sports and life in general. You will not meet two finer young men.

The Calendar is an annual gift to Riverside residents. It is an invaluable resource for critical service phone numbers, school schedules, and local events. Space has been donated to nonprofits doing tremendous work in our communities. If you like using the Calendar and supporting local nonprofits, then please give the businesses in this Calendar your due consideration because the Calendar only continues each year with their ongoing support.

Much appreciation to Chamber President Nicholas Adcock and his dedicated team for providing so many avenues to grow my business and for their overall unwavering support. I have also enjoyed building some awesome relationships with fellow Chamber members.

Blessings to you for 2025. I hope the year turns out to be your happiest and most productive yet.

Sincerely,

**Lester Li, Owner/Publisher**

### IN THE SPOTLIGHT: STORMY LI, MARY KAY INDEPENDENT BEAUTY CONSULTANT

Stormy Li becoming a Mary Kay Independent Beauty consultant this past year was unexpected, given she currently is a full-time Associate Professor of Dental Hygiene at West Coast University. But family and friends would see her certain spirit that propels her to be an explorer and knowledge seeker on new topics. She went to her first Mary Kay party to be helpful and have some fun. However, with a masters degree in Health Education and continually on a quest to learn how things put into or on our bodies impact our health, she was clearly impressed with the

Mary Kay products and their inherent ingredients. She leaving the party as a Beauty Consultant is actually consistent with her fearlessness in trying different occupations.

She has had many jobs, especially as a young adult, and nearly all of them focus on directly serving the general public. Her resume includes being a fast food worker, restaurant server, bartender, commercial painter, and even a gas station attendant (way back when they pumped your gas). She loves teaching and helping people as reflected in her additional careers as an elementary school teacher and practicing dental hygienist.

Stormy believes her primary role as a Beauty Consultant is to educate and help others pursue their health and beauty goals. She is clearly passionate about such endeavors. She believes if a woman feels good about her skin and her looks, her confidence will naturally resonate. Through one-on-one or group skincare sessions, Stormy believes in being a good listener in helping individuals find the products best suited for them.

Outside of the classroom and skincare parties, Stormy is a dedicated volunteer for the California Dental Hygienists' Association (CDHA). In 2019, she received the CDHA's President's award for her volunteerism.

Stormy's greatest joy comes from being with her family, especially her children Kelsey and Karson, and being a grandma to a beagle named Mackie.

Ladies, get your mojo on. Stormy is just one phone call or text message away (951-744-9060).

## SOLAR WAS AN ANSWER TO PRAYER

**Matthew, a skilled, private math tutor for Inland Empire families of over 14 years, prayed for a new career that would bless the families he would serve & his future family at a higher capacity. That was a 2018 summer prayer & was answered just two short months later. His service to families at the dining room table in the comfort of their home for more than two decades has been a staple to how he has built his businesses. Matthew has been a full time Solar Sales Manager for more than 6 years serving home owners throughout Southern California, with a 100% 5-star rated profile by his customers. With 4 years of door knocking experience, Matthew understands the concerns, fears & thought process of home owners who deal with door knockers constantly. That empathy, awareness & support has been one of the main reasons why local home owners prefer that Matthew joins them & their referrals at the table for the best & most easy going solar experience.**

**Matthew is a man surrounded by family & friends that have become family along the way in life. In addition to his faith in Jesus, he attributes his growth, success & impact to the love, care & sharpening of those in his life over the years.**

**Matthew's solar career has blessed his Wife Lindsay, with the opportunity to be a stay at home Mom (which we all know is one of the toughest jobs) & home school their Daughter RoRo. Matthew has lived in the Inland Empire his entire life. He was once a radio talk show host, a one night only paid magician for a 60th High School Reunion & claims he grills the best burger around. His favorite memories can point to experiences with family & friends in the mountains around a campfire, in a chilling 35° lake, cabin & in the dark of the woods at night. As Matthew has been tremendously blessed & encouraged by this Bible verse, he hopes you will be as well → Matthew 7:7-8**
