October is Breast Cancer Awareness Month

Mammograms are vital to the health and longevity of you and your loved ones. Early detection of breast cancer can increase a woman's five-year survival rate to 97 percent.

IU Health recommends routine screening mammography as part of breast care for individuals over the age of 40.

Book a Screening Mammogram Online
A mammogram offers the best chance for early detection. Schedule online at iuhealth.org/mammograms

Welcome to 2026!

Founded in 1821, Columbus, Indiana, is centrally located between Indianapolis, Cincinnati, and Louisville, minutes from Interstate 65. We are home to over 50,000 residents, making us the largest community in Bartholomew County. We are a city that celebrates our diversity, and unity through multiple festivals and cultural events throughout the year. Highlights include our Ethnic Expo fall festival, the Mill Race Marathon – Powered by Cummins, Inc., our holiday Festival of Lights Parade, the Chinese New Year’s celebration, Diwali, Pride Festival, and Fiesta Latina.

While known for our commitment to architecture and design, Columbus is also a community which prioritizes safety, excellent public services, quality medical and educational opportunities, workforce opportunities and world class amenities. Columbus has over 1,000 acres in the city park system, which is ranked number one in the country for cities of this size by the National Recreation and Park Association. We’ve recently completed NexusPark – our health and wellness facility, which boasts a 150,000 sf fieldhouse, Parks Department space, a fitness center, medical offices, retail spaces and a new 2 acre park.

Cummins Inc., a Fortune 200 company, was founded in Columbus in 1919 and continues to be headquartered in Downtown Columbus. Columbus and the surrounding region have become a central manufacturing hub, home to the headquarters and manufacturing sites of many other important companies such as Toyota Material Handling, NTN Driveshaft, and Enkei America. The city has the highest number of mechanical engineers and industrial engineers per one thousand workers than any other metropolitan area in the country. Healthcare, information technology, and tourism comprise the other key industry sections of the local economy.

In the 1960s, Columbus community leaders articulated a clear and compelling vision: “We want to be the best community of our size in the country.” The community has since devoted itself to achieving and maintaining that vision in all respects—educational offerings, economic strength, parks and recreation facilities, the design of public places, and overall quality of life.

Whether you are a resident of the City, or one of our many thousands of visitors, we are glad you are here and wish you a healthy and successful 2026!

Mayor Mary K. Ferdon

Dear Neighbors,

At the Columbus Area Chamber of Commerce, our mission is clear: to be your go-to partner for business growth and community success. We champion entrepreneurship, talent, and advocacy—because when businesses thrive, our whole community grows.

What makes Bartholomew County and Columbus truly special is our shared ambition—to be the absolute best community of our size anywhere in the nation. That drive fuels our innovation, our collaboration, and our pride in this place. Together, we’re not just shaping a stronger community for today—we’re building an even brighter future for generations to come.

As we welcome 2026, we do so with energy and optimism. The year ahead is full of opportunities. Thanks to the strength of our members and the spirit of this community, the Columbus area is poised to keep moving forward.

Thank you for being part of this journey—and for making our community such a remarkable place to call home.

With gratitude,

Cindy Frey
