Louisiana's total crawfish production ranges between 175 million and 200 million pounds annually. The Acadiana region produces approximately 84% of the state's crawfish. So, Acadiana likely sells around 5 to 6 million sacks of crawfish each year (live or boiled).

Crawfish have **chelae** (claws) that are made up of a **propodus** (the big part) and a **dactylus** (the movable finger). Some will grow **extra small projections or ridges**, making it look like they have **3 (or more) fingers**.

Crawfish races is a **quirky Louisiana tradition** that's equal parts fun, family-friendly, and cultural. They have been around for decades in Acadiana and beyond. Many crawfish end up in a boiling pot after racing.

BE PREPARED!

RECOVERY RESOURCE PROGRAM

ST. MARTIN PARISH SHERIFF'S OFFICE

The STAR Program was established to address the growing need for comprehensive addiction recovery services in St. Martin Parish. Initiated by the St. Martin Parish Sheriff's Office in collaboration with the St. Martin Parish Government, the program has evolved into a cornerstone of community support, offering a holistic approach to substance abuse treatment. Our dedicated team works tirelessly to provide resources, education, and personalized care plans to those affected by addiction, fostering a supportive environment for recovery and growth.
