Hello Town Planner Family!

Exciting news, the 2025 Town Planner Community Calendar is here! This edition combines Clarkston AND Waterford for a double dose of community charm.

This 2025 edition is filled with year-round listing of community events, chamber meetings and events, town meetings, schedules and fun activities for you and your family to attend. Also, you will find helpful promotions and special offers at some of your favorite local businesses and restaurants within the communities!

In this year's edition, you will find more QR codes though out our calendar, allowing our users to tap into the most recent information available from our sponsors and to the local events always being added to our website.

A BIG THANKS to our local businesses for making this calendar possible! Don't forget to SUPPORT them and SHOP LOCAL!!

Don't forget to visit our website at TownPlanner.com to sign up for our FREE weekly newsletter and find us on Facebook AND Instagram.

Wishing you a HAPPY and HEALTHY New Year,

Chris & Kristin Stoll

Have you: Stopped participating in social activities?
Started to feel more anxious or sad?

Untreated hearing loss is associated
with social isolation and loneliness.

Anxiety and depression are 4x greater
amount people with hearing loss

Falls are the leading cause of
accidental deaths in sdults over 65.

Mild hearing loss is associated with
3x greater risk of falls.

Amplification has been shown to reduce feelings of depression and positively
impact mental health and social functioning for people with hearing loss.
Using amplification may help people stay alert and balanced.

Amplification has been shown to improve quality of life.
Schedule today to have your hearing health checked.

Get Better Faster

No Pain. All Gain.

- Reduce Pain
- Relieve Inflammation

- Restore Mobility
- Noninvasive

- Painless
- FDA Cleared

How does it work?

Light energy enters the damaged cells and stimulates inter-cellular activity. This reduces pain in the area and speeds recovery of the damaged cells. Once the cells recover, the healing process is complete.

What can I expect during a treatment?

MLS Laser Therapy is a painless treatment that lasts an average of 8 minutes. You may experience a comfortable sensation at the point of application.

What can I expect after the treatment?

Most people experience positive results in 1 to 3 treatments, with the average course of treatment being 7 to 10 sessions. Swelling is greatly reduced and there is a rapid relief of pain. Acute conditions usually subside quickly, typically within one phase of treatments, while chronic conditions can be controlled with regular treatments.

The effects of MLS Laser Therapy are cumulative; therefore, expect to see improvement as you proceed through your treatment plan. It is critical that once you start, you complete the course of treatments recommended by your doctor or symptoms are likely to reoccur.
