How does it work?

Light energy enters the damaged cells and stimulates inter-cellular activity. This reduces pain in the area and speeds recovery of the damaged cells. Once the cells recover, the healing process is complete.

What can I expect during a treatment?

MLS Laser Therapy is a painless treatment that lasts an average of 8 minutes. You may experience a comfortable sensation at the point of application.

What can I expect after the treatment?

Most people experience positive results in 1 to 3 treatments, with the average course of treatment being 7 to 10 sessions. Swelling is greatly reduced and there is a rapid relief of pain. Acute conditions usually subside quickly, typically within one phase of treatments, while chronic conditions can be controlled with regular treatments.

The effects of MLS Laser Therapy are cumulative; therefore, expect to see improvement as you proceed through your treatment plan. It is critical that once you start, you complete the course of treatments recommended by your doctor or symptoms are likely to reoccur.

A festive holiday promotion for Oxford Bank. The background is a light beige color with a string of colorful Christmas lights (red, green, yellow, blue, and white) draped across the top. On the left side, there is a large circular logo. The logo features a red knitted winter hat with a white pom-pom on top, positioned over a yellow and blue circular design. The letters 'OB' are prominently displayed in the center of the circle. Below the circle, the words 'OXFORD BANK' are written in a dark blue, serif font. Underneath the bank logo, there is a small icon of a house with a dollar sign inside, followed by the text 'Member FDIC' and 'NATIONAL CREDIT UNION' in a smaller font. To the right of the logo, the text 'Happy Holidays from Oxford Bank!' is written in a large, bold, dark blue font. Below this, the text 'Be sure to stop by your local branch to get our Wall Calendar before the New Year' is written in a similar bold, dark blue font. At the bottom of the advertisement, the website address 'oxfordbank.bank' is displayed in a bold, dark blue font.
