Dear Friends and Neighbors,

Welcome to the 2025 Champlin Town Planner. This FREE community resource is made possible by the local businesses displayed each month. Please patronize them and **LET THEM KNOW** you saw their ad in the Town Planner!

**Sign-up at [TownPlanner.com/newsletter](https://townplanner.com/newsletter)** to receive updated local events and printable coupons each Thursday. It's free!

Have a wonderful 2025!

All the best,

## Joel Bakker

My photography journey started in December of 2013 when I was able to photograph a Snowy Owl that wintered in the farm fields near Sauk Rapids, MN. After spending the winter photographing the arctic visitor, my interest in finding, photographing and observing owls grew substantially. While out searching for owls I started to take photos of all wildlife I would come across. My passion has grown to night skies, deep space and landscape photography. My work has been published in Freshwater Weather Guide Calendar, The Outdoor News, and used by local news outlets both on air and on social media. I enjoy sharing my photos on my Flickr page, Facebook and Instagram.

A photograph of a White Pelican in flight. The bird is shown from the side, with its wings fully extended. The wings are primarily white with prominent black feathers on the tips. The body is white, and the long, pointed beak is a bright orange color. The background is a soft, out-of-focus green, suggesting a natural habitat. In the bottom right corner, there is a white oval containing the text "Joel Bakker • Elm Creek Park Reserve".

# Carbon Monoxide Safety

**More than 150 people in the U.S. die every year from accidental nonfire-related carbon monoxide poisoning.**

Carbon monoxide or CO is a colorless and odorless gas. CO poisoning can occur when a fuel-burning appliance or machine, such as a furnace, heater or generator, is not working or vented properly. Breathing in CO at high levels can be fatal.

Learn what you can do to protect your family from the dangers of CO.

- ✔ Install and maintain CO alarms inside your home to provide early warning of CO.
- ✔ Install CO alarms in a central location outside each separate sleeping area and on every level of your home.
- ✔ Use portable generators outdoors in well-ventilated areas away from all doors, windows and vents.
- ✔ Make sure vents for the dryer, furnace, stove and fireplace are clear of snow and other debris.

# CHAMPLIN FUN FACTS!

- **Early Encounters:** The Champlin area was first visited by Europeans in the late 17th century when Father Louis Hennepin, a Franciscan priest, along with Michael Accult and Peter Dulay, were captured by Dakota Indians.
- **Trading Post Origins:** Following these early encounters, a French fur trading post was established in the area, a testament to the region's importance in the fur trade network.
- **The Champlin Connection:** The city's name derives from U.S. Navy Commodore Stephen Champlin, who played a vital role in the War of 1812 and the establishment of the Canada-US boundary. While Commodore Champlin himself never resided in the area, his family name was bestowed upon the township in 1859.
- **A Tale of Two Towns:** Originally, the Champlin area was part of a larger township named Marshall Township. In 1859, the township split, with the northern section becoming Champlin and the southern section becoming Dayton.
- **Ferrying the Way:** The development of Champlin was initially hampered by the lack of a nearby railroad station. To overcome this hurdle, residents established a ferry service across the Mississippi River in 1855, connecting them to the Anoka train station. This ferry played a crucial role in enabling travel and trade for Champlin's residents.
- **From Humble Beginnings to Cityhood:** Champlin's early years were marked by a focus on agriculture. However, the city witnessed steady growth throughout the 20th century. In 1946, Champlin transitioned from a township to a village, and finally, in 1974, it was incorporated as a city, reflecting its expanding population and development.

There are so many reasons to love your Town Planner Community Calendar! No matter what your reasons are, it takes A LOT of effort to bring you this annual calendar. It may be provided free to local families, but it's definitely not free to publish! And those costs are only rising.

If you're one of the many residents that has told us that they "feel lost" without their planner, we hope that we can count on you to help defer a small portion of the publishing costs by mailing a check of any size to the below address OR simply scan the QR code to contribute on Venmo!
