## Joel Bakker

My photography journey started in December of 2013 when I was able to photograph a Snowy Owl that wintered in the farm fields near Sauk Rapids, MN. After spending the winter photographing the arctic visitor, my interest in finding, photographing and observing owls grew substantially. While out searching for owls I started to take photos of all wildlife I would come across. My passion has grown to night skies, deep space and landscape photography. My work has been published in Freshwater Weather Guide Calendar, The Outdoor News, and used by local news outlets both on air and on social media. I enjoy sharing my photos on my Flickr page, Facebook and Instagram.
