

Dear Friends and Neighbors,

Welcome to the 2025 Maple Grove West Town Planner. This FREE community resource is made possible by the local businesses displayed each month. Please patronize them and *LET THEM KNOW* you saw their ad in the Town Planner!

**Sign-up at TownPlanner.com/newsletter** to receive updated local events and printable coupons each Thursday. It's free!

Have a wonderful 2025!

All the best,

Brian Burnstein & Tony Selinger Town Planner Publishers burnstein@townplanner.com or (763) 528-8501 selinger@townplanner.com or (612) 203-8189

2026 sponsorships reservations are now available. Put YOUR business "On Display Every Day" To learn about various sponsorship opportunities, please contact either Brian or Tony.

### Joel Bakker

My photography journey started in December of 2013 when I was able to photograph a Snowy Owl that wintered in the farm fields near Sauk Rapids, MN. After spending the winter photographing the arctic visitor, my interest in finding, photographing and observing owls grew substantially.

While out searching for owls I started to take photos of all wildlife I would come across. My passion has grown to night skies, deep space and landscape photography. My work has been published in Freshwater Weather Guide Calendar, The Outdoor News, and used by local news outlets both on air and on social media. I enjoy sharing my photos on my Flickr page, Facebook and Instagram.

There are so many reasons to love your Town Planner Community Calendar! No matter what your reasons are, it takes A LOT of effort to bring you this annual calendar. It may be provided free to local families, but it's definitely not free to publish! And those costs are only rising.

If you're one of the many residents that has told us that they "feel lost" without their planner, we hope that we can count on you to help defer a small portion of the publishing costs by mailing a check of any size to the below address OR simply scan the QR code to contribute on Venmo!

Town Planner Community Calendar 16640 89th Place North Maple Grove, MN 55311

We thank you for your support!

venmo

Brian Burnstein & Tony Selinger, Publishers

- Early inhabitants: The Winnebago people were the original inhabitants of the Maple Grove area. They were relocated to the area by the Federal Government in the mid-1800s.
- European settlers: The first European settlers arrived in Maple Grove in 1851. These settlers, Louis Gervais and Pierre Bottineau, laid the groundwork for the community that would become Maple Grove.
- City incorporation: Maple Grove was incorporated as a city in 1954.

  This was a pivotal moment in the city's history, as it allowed Maple Grove to establish a structured government and begin planning for future growth.
- Maple syrup production: The city was named for its large stands of maple trees, which were a significant source of maple syrup in the days.
- Rapid growth: Since the 1970s, Maple Grove has experienced rapid growth due to the completion and improvement of major highways like Interstates 94/694, 494, and U.S. Highway 169. This growth has transformed Maple Grove from a rural area into a thriving suburban city.
- Pierre Bottineau House: The Pierre Bottineau House is the oldest surviving structure in Maple Grove. Built in 1854, it was the first woodframe house built in Maple Grove Township. The house has been moved from its original location and is now located in Elm Creek Park Reserve.

Pierre Bottineau House Maple Grove

If you are interested in learning more about the history of Maple Grove, you can visit the Maple Grove Historical Preservation Society website https://www.maplegrovemnhistory.org/

# Carbon Monoxide Safety

## Did you know?

More than 150 people in the U.S. die every year from accidental nonfire-related carbon monoxide poisoning.

Carbon monoxide or CO is a colorless and odorless gas. CO poisoning can occur when a fuel-burning appliance or machine, such as a furnace, heater or generator, is not working or vented properly. Breathing in CO at high levels can be fatal.

Learn what you can do to protect your family from the dangers of CO.

- Install and maintain CO alarms inside your home to provide early warning of CO.
- Install CO alarms in a central location outside each separate sleeping area and on every level of your home.
- Use portable generators outdoors in well-ventilated areas away from all doors, windows and vents.
- Make sure vents for the dryer, furnace, stove and fireplace are clear of snow and other debris.
