

Dear Friends and Neighbors,

Welcome to the 2025 Plymouth Town Planner. This FREE community resource is made possible by the local businesses displayed each month. Please patronize them and *LET THEM KNOW* you saw their ad in the Town Planner!

**Sign-up at TownPlanner.com/newsletter** to receive updated local events and printable coupons each Thursday. It's free!

Have a wonderful 2025!

All the best,

Brian Burnstein & Tony Selinger -Town Planner Publishers burnstein@townplanner.com or (763) 528-8501 selinger@townplanner.com or (612) 203-8189

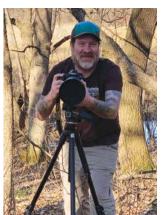

2026 sponsorships reservations are now available. Put YOUR business "On Display Every Day" To learn about various sponsorship opportunities, please contact either Brian or Tony.

#### Joel Bakker

My photography journey started in December of 2013 when I was able to photograph a Snowy Owl that wintered in the farm fields near Sauk Rapids, MN. After spending the winter photographing the arctic visitor, my interest in finding, photographing and observing owls grew substantially.

while out searching for owls I started to take photos of all wildlife I would come across. My passion has grown to night skies, deep space and landscape photography. My work has been published in Freshwater Weather Guide Calendar, The Outdoor News, and used by local news outlets both on air and on social media. I enjoy sharing my photos on my Flickr page, Facebook and Instagram.

There are so many reasons to love your Town Planner Community Calendar! No matter what your reasons are, it takes A LOT of effort to bring you this annual calendar. It may be provided free to local families, but it's definitely not free to publish! And those costs are only rising.

If you're one of the many residents that has told us that they "feel lost" without their planner, we hope that we can count on you to help defer a small portion of the publishing costs by mailing a check of any size to the below address OR simply scan the QR code to contribute on Venmo!

Town Planner Community Calendar 16640 89th Place North Maple Grove, MN 55311

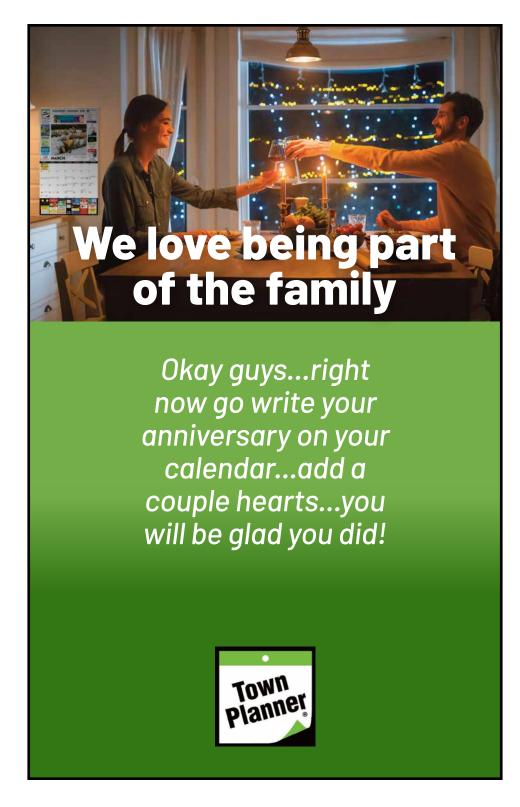

We thank you for your support!

venmo

Brian Burnstein & Tony Selinger, Publishers

- A Brief Identity Crisis: Plymouth wasn't always its designated name. In 1858, the newly formed settlement was initially christened "Medicine Lake" due to its proximity to the cherished body of water. However, this name didn't stick, and the familiar "Plymouth" eventually prevailed.
- Flood or Flight? The Tale of the Gristmill: Early attempts at establishing a commercial center in Plymouth weren't without their challenges. In 1855, a gristmill was built on the shores of Parkers Lake. Unfortunately, a spring flood ravaged the area just two years later, forcing the relocation of the mill to Wayzata.
- The Allure of Medicine Lake: Medicine Lake wasn't just a source
  of namesake inspiration; it was a major tourist attraction in the
  1860s. The scenic beauty of the lake drew visitors, leading to the
  construction of several hotels to cater to the growing tourism
  industry.
- A Civil War Uprising: The Dakota Conflict of 1862 significantly impacted Plymouth. Fearing an attack from the Dakota people, residents formed a militia unit for their defense. Additionally, the Civil War spurred volunteer enlistments from Plymouth, with the town offering financial incentives to encourage participation.
- Plymouth transformed into a dominant agricultural area. Farming became the primary occupation for many residents. However, the post-war period also witnessed the establishment of schools, churches, and a post office, laying the groundwork for a more established community.
- A First for Dunkin' Donuts: Calling all donut enthusiasts! Believe
  it or not, Plymouth holds a special place in Minnesota's culinary
  history. The city welcomed the very first Dunkin' Donuts franchise
  in the state, marking a significant milestone for the coffee and
  donut chain's presence in Minnesota.

### Carbon Monoxide Safety

### Did you know?

More than 150 people in the U.S. die every year from accidental nonfire-related carbon monoxide poisoning.

Carbon monoxide or CO is a colorless and odorless gas. CO poisoning can occur when a fuel-burning appliance or machine, such as a furnace, heater or generator, is not working or vented properly. Breathing in CO at high levels can be fatal.

Learn what you can do to protect your family from the dangers of CO.

- ✓ Install and maintain CO alarms inside your home to provide early warning of CO.
- ✓ Install CO alarms in a central location outside each separate sleeping area and on every level of your home.
- Use portable generators outdoors in well-ventilated areas away from all doors, windows and vents.
- Make sure vents for the dryer, furnace, stove and fireplace are clear of snow and other debris.

For more information and free resources, visit

www.usfa.fema.gov

# Scammers Impersonate the Government

#### You get a call, email, or text message...

- ► They say they're from the Social Security Administration and your benefits will end unless you pay.
- ▶ They say they're from the IRS and you owe taxes.
- ► They say you need to give your Medicare number to get a new card.

These are all scams.

Government agencies won't call, email, or text you and ask for money or personal information.

Only a scammer will do that.

Report the scam to the FTC at ReportFraud.ftc.gov
