Academic achievement based on their individual goals
Physically and mentally healthy

ALCSD KEY STRATEGIC PRIORITIES

The strategic priorities listed below are based on the key strategies and discussions that emerged during conversations with the leadership team as well as input gathered from the visioning session and idea labs:

Priority One: Create a Culture of Respect and Collaboration

1. Focus on student social and emotional skill development
 - a. Encourage student citizenship and service-learning inside and outside of schools
2. Develop strategy for staff engagement at district and building level
 - a. Ensure staff development needs are identified and supported
3. Increase two-way communication and collaboration within the district – build partnership between administration, staff, students, families, and the community
 - a. Strengthen trust in the district through transparent, ongoing messaging
 - b. Provide opportunities for discussion where all members of the district have a voice
 - c. Engage consistent, consolidated, and concise methods of communication – ensure all members of the district know where questions can be answered

Priority Two: Focus on Student-Centered Learning

1. Prioritize student mental health services / resources
 - a. Develop resilience and self-confidence that will benefit students throughout their lives
2. Support and celebrate individualized student goals
 - a. Success can look different from student to student – no one-size-fits-all definition of achievement
3. Encourage all career paths – trades, apprenticeships, etc. in addition to 4-year college
 - a. Leverage community opportunities for diverse career exploration
4. Prepare students for the rapidly evolving demands of the future

Priority Three: Infrastructure that Enables Student and Staff Success

1. Creating inspiring learning spaces (new buildings and upgrading current buildings) to better support the district's staff and students
 - a. Educational settings that allow for effective leveraging of technology
 - b. Provide buildings/facilities that enable best-practice instruction and collaborative learning
 - c. Evaluate the addition of staff support roles (such as assigning a dedicated nurse to each building)

Dear Friends and Neighbors,

Welcome to the 2025 Town Planner Calendar and its 39th year of publication! This FREE community resource would not be possible without the generous support of the businesses displayed here each month. Please patronize them and personally take a moment to thank the owners for sponsoring the calendar. This will help to ensure the Town Planner continues as a valuable resource in this great community.

From my family to yours,
have a healthy
and wonderful 2025!
