Lakewood School District Message

For the second straight school year, our district has championed the theme Resilient Rangers for our students and staff. At Lakewood City Schools, our commitment to this theme is unwavering. Our school board, administration, educators, and support staff are always willing to take on a challenge and do what's best for our students.

Each year, we set ambitious goals that center around student growth and achievement, effective communication, and the ongoing development of our Vision of the Lakewood Ranger. This vision is more than just a guiding principle; it's a shared commitment to fostering an environment where every student can thrive academically, socially, and emotionally through the development of our six Vision competencies: critical and creative thinking, communication, collaboration, empathy, growth mindset and global awareness/citizenship.

In addition to these core objectives, this school year part of our focus has turned to engaging the community in important discussions about enrollment trends and building capacity at our elementary schools. These conversations are crucial as we look to ensure that our facilities and resources are designed and equipped to meet the needs of students in the ever-changing educational landscape and amid a national decline in enrollments.

I am optimistic and confident that together, we will keep building on the strengths of our district and continue to offer a world-class education to our community's youth.

We could not meet our mission without the incredible support of the Lakewood community. We are all fortunate to be in a city that repeatedly shows up for its young people. In an unprecedented time of challenge for public education in America, we never take your support for granted. Thank you, and go, Rangers!

Maggie Niedzwiecki
Superintendent
