A WORD FROM THE PUBLISHER

Dear Friends and Neighbors,

The New Year has arrived and with it the arrival of another edition of your Town Planner.

I continue to strive every single year to present a calendar, that not only represents your community, but the small business community within it.

As the years go by, the increased presence of internet media opportunities also grows and many ask how the calendar continues to be so popular.

It not only survives but thrives for a variety of reasons, not the least of which is trust. Over 80% of print advertising is trusted by consumers when making a purchasing decision. In your community, you KNOW and trust these small businesses that support You by supporting the calendar.

Credibility is so important for anyone you purchase from and the small businesses that make up the Town Planner are your friends and neighbors...not huge corporations with no ties to the community. These businesses continue to support your community through the calendar because it is cost effective to them and they are offer opportunities through the calendar that often times are unique.

The calendar continues to be the most effective way for you to support your local businesses and for you to support them. After all...would you rather support these small businesses or have cities that all have the same restaurants and box stores? I think the answer is clear.

I will always be grateful for the opportunity to fight for small businesses and the communities they serve.

Enjoy your 2025 Town Planner and always feel free to reach out to me at 440-846-3633.
