

The People of Strongsville City Schools

Strongsville City Schools – #ModelMustang

Inspiring & Empowering Today's Learners to Build Tomorrow's Leaders

DISTRICT OVERVIEW

Strongsville City Schools **PURPOSE:**

Inspiring and empowering today’s learners to build tomorrow’s leaders.

Strongsville City Schools **MISSION:**

As a school community, we will design premier educational experiences that develop innovative, resilient, collaborative, global, and empowered students who are architects of their learning, equipped to thrive in their future.

“The Model Mustang”

Strongsville City Schools is committed to building “Model Mustangs.” Over the past few years, our teachers and staff have been teaching and developing the following skills in all of our students - Innovative, Resilient, Collaborative, Global, and Empowered - as part of “The Model Mustang,” which is the foundation for our District’s Strategic Plan. These are the necessary skills for all of our students in grades PreK-12 to build success in the classroom. Perhaps more importantly, developing these skills will lead to success long after our students graduate from Strongsville High School.

THE MODEL
MUSTANG

Inspiring and Empowering
Today's
Learners
to Build
Tomorrow's
Leaders

INNOVATIVE

- Identifies and evaluates authentic problems
- Learns from experimentation
- Thinks flexibly
- Sees uncertainties as opportunities
- Pursues imaginative and creative solutions

RESILIENT

- Overcomes personal/academic barriers to meet goals
- Persists to accomplish difficult tasks
- Learns from mistakes and failures
- Implements a plan
- Responds in a disciplined way

COLLABORATIVE

- Values individual contributions and teamwork
- Listens actively
- Communicates effectively
- Gives and receives feedback
- Works with others to accomplish a goal

GLOBAL

- Seeks cultural understanding
- Embraces diversity
- Acts with empathy and compassion
- Resolves conflict peacefully
- Demonstrates service to both local and larger community

EMPOWERED

- Develops a learning pathway
- Analyzes problems and outcomes
- Seeks out answers
- Acts responsibly
- Reflects on learning experiences

Dear Friends and Neighbors,

Welcome to the 2025 Town Planner Calendar and its 39th year of publication! This FREE community resource would not be possible without the generous support of the businesses displayed here each month. Please patronize them and personally take a moment to thank the owners for sponsoring the calendar. This will help to ensure the Town Planner continues as a valuable resource in this great community.

From my family to yours,
have a healthy
and wonderful 2025!

**Frank Huebler,
Publisher & Owner**

The Model Mustang

"The Model Mustang" is the District's foundational plan, creating opportunities for our students and staff to be innovative, resilient, collaborative, global, and empowered learners and educators. The Model Mustang provides focus for all of our students (PreK - 12th Grade) and is our District's thirteen year commitment to provide a premier educational experience that is based on rigorous content and the integration and development of these five durable skills essential for life-long success.

Keeping homes safe, comfortable, and healthy.

I am always trying new things in my classroom and encourage my students to do the same. We practice everything we do in life and rarely get it perfect on the first try. The same can be said for teaching and learning. By showing my willingness to try new things, my students gain a sense of comfort. I'm always reevaluating lessons in the classroom to continuously help my students better understand, because that is what they need and deserve.

— Mr. Cory Maatz - 7th Grade Social Studies Teacher at SMS

Helping our youngest learners find a voice requires thinking flexibly, learning from experimentation, and pursuing imaginative and creative solutions. To make communication accessible, I trial a variety of communication systems such as iPad apps for children unable to speak verbally. SCS has helped me grow by providing opportunities to be innovative and help make communication accessible, enjoyable, and attainable for my students.

— Mrs. Mackenzie Grimm - Speech Language Pathologist at Early Learning Preschool

Keeping homes safe, comfortable, and healthy.

Being resilient helps children, teens, and adults through the most difficult times. Resiliency drives us to wake up the next morning to try again. Resiliency is what allows me to keep trying again and again with the students who need me the most, even in the most challenging circumstances.

— Mrs. Tara Brzuski - School Counselor at SHS

The cafeteria environment can be dynamic and fast paced. Being open to adjusting plans and trying new approaches shows resilience at Surrarrer. I try to stay positive and focused on our objectives, such as improving nutrition or student satisfaction, even when faced with setbacks, which exemplifies our resilience. I continue to want to be able to adapt and keep making things better for our students.

— Mrs. Karen McManamon - Cafeteria Manager at Surrarrer Elementary

Resiliency is a critical skill for children and adults to be able to work together, feel safe when taking risks, bounce back from mistakes, and develop a positive mindset that keeps you yearning to be a lifelong learner. With resiliency, I am able to take a challenging situation or a failed lesson and reflect on that experience to make positive changes. Resiliency keeps me positive, optimistic, hopeful, and excited for what can be, rather than focusing on what did not go well.

— Mrs. Lynne Wilson - Intervention Specialist at Early Learning Preschool

Keeping homes safe, comfortable, and healthy.

As a special education teacher, being collaborative is essential for myself and my students. With the variety of needs in my classroom, effective communication, active listening, and working as a team leads to successful days. Collaboration allows our team to communicate with each other on student progress to give our students what they need to learn and grow.

— Mrs. Sydney Zoloty - Intervention Specialist at Chapman Elementary

Collaboration is crucial because it embodies the essence of educational leadership. Through collaboration, I've been able to bring together teachers, staff, parents, and students to create a supportive learning environment. I have seen firsthand how collaboration transforms a school culture, drives innovation, and empowers individuals to take ownership of their roles. Ultimately, fostering collaboration not only enhances our academic achievements but also builds a strong, connected community that supports lifelong learning.

— Mrs. Katie Hawk - Principal at Whitney Elementary

Collaborative exemplifies how SCS treats employees. We are all one team, working together, to achieve one goal—creating strong, successful, empowered students. I try to model and be collaborative every day with my staff and SMS students. Collaborative begins with listening and hearing those around me. I appreciate working together to find solutions for day to day 'speed bumps.' I get a lot of satisfaction when our SMS team and our District solve issues together and appreciate SCS treating all employees as valuable team members.

— Mr. Paul Cummins - Head Custodian at SMS

Keeping homes safe, comfortable, and healthy.

The Model Mustang competency of 'Global' has been most helpful in my role as a teacher of English Learners. At Kinsner, we have 10 different languages spoken and families representing countries from around the world. As a staff, we embrace our building diversity and strive to model empathy and compassion with our students and families. I am lucky to be a part of a school district that celebrates diversity and recognizes the value in seeking to understand the cultures of our students.

— Mrs. Leah Behymer - ELL Teacher at Kinsner & Muraski Elementary

Embracing the Global competency has shaped my approach to creating an inclusive and warm learning environment in my French classes. My goal is to lead by example in creating a welcoming, respectful classroom where students feel heard and valued. By focusing on cultural understanding and respect, I encourage students to see language as a way to connect with diverse people and ideas, and gain a perspective that extends beyond our Strongsville community. I strive to show them that skills developed in our class can help them become open-minded individuals who embrace diversity.

— Mrs. Alana Bendetta - French Teacher at SHS

As a literacy coach, I strive to make the world of reading and writing accessible to all learners. I want all students to see themselves as readers and writers, and that requires providing them with the instruction, experiences, and supports necessary in order for them to access and express knowledge through the written word. To me, the essence of being Global is allowing each student to feel seen, heard, and valued. This creates an environment where true understanding takes place, leading to a community in which the world becomes smaller, while our dreams and accomplishments become bigger.

— Mr. Steve Owens - Literacy Coach at Kinsner & Muraski Elementary

Empowered

In my role at Strongsville City Schools, I strive to empower others through knowledge and understanding. By gathering and collecting information from teachers, parents, and students, we can empower students to use their strengths to overcome their challenges.

— **Mrs. Amy Hofmann - School Psychologist at Surrarer Elementary & SMS**

Leading the Career Exploration Program allows me to create a nontraditional learning environment for students over the course of the two year program. Being empowered means you reflect on learning experiences and you're given a chance to improve on things you may have missed the first time. I strive to challenge students to be better people and be aware of their impact on others. Being able to step back and assess strengths and areas for improvement is a lifelong skill that students can start to build in school.

— **Mr. Matt Jancar - Intervention Specialist & CEP Teacher at SHS**

I'm empowered to be a role model for our students. Each day I give them positive words of encouragement such as "have a great day" "stay focused" "believe you can" and "always be kind". I share these phrases in hopes that they will also feel empowered and make the choice to have a positive attitude throughout their day.

— **Mrs. Cheryl Richardson - Bus Driver at Strongsville City Schools**

As a building administrator at Strongsville Middle School, I feel empowered daily by actively analyzing problems and their outcomes, seeking out answers to challenges while acting responsibly in my decision-making. This reflective practice not only enhances my own learning experiences but also fosters a culture of continuous improvement within our school community.

— **Mr. Bryan Szczepanski** - Assistant Principal at SMS

Our cafeteria workers have shown an incredible amount of dedication, hard work, and resiliency over the past few years. We have seen many changes, including COVID, new management, and the increase in meals we prepare for students. All require adjustments and being resilient. I am proud to be part of a group that works hard to make sure our children are fed.

— **Mrs. Shrea Kellums** - Cafeteria Worker at SHS

As a music teacher, collaboration is at the heart of everything I do. Working closely with other teachers to create positive experiences for our students is our top priority. Collaboration is essential in all relationships, and relationships are fundamental to life. Students have daily opportunities to develop their collaboration skills, including in my music class.

— **Mrs. Marie Dykstra** - Music Teacher at Muraski Elementary

In the classes that I teach, I try to instill resiliency in my students. In 'Metals' class, students learn how to weld. I reinforce with them that welding is a skill, and the more that they practice, the better they can be at it. Small changes in technique can result in big differences in the quality of the weld. Being able to learn from their mistakes and improve the next time they try something is an important skill.

— **Mr. Dan Hogan** - Industrial Technology Teacher at SHS

Keeping homes safe, comfortable, and healthy.

Empowerment means taking ownership of one's learning path, and I strive to ask how I can empower my students each day. The Model Mustang has inspired me to cultivate a classroom that promotes a growth mindset and a willingness to take risks. I believe that when my students are equipped with the right resources, tools, and encouragement, they can achieve anything. I hope my modeling of empowerment instills confidence in my students to achieve their hopes and desires throughout their educational careers.

— **Mrs. Holli Myers - 6th Grade Language Arts & Social Studies Teacher at SMS**

Being collaborative has profoundly impacted my work at SCS. It not only enhances our dynamics but also fosters a positive learning environment for our students. I strive to model this competency by actively listening to others, communicating effectively, and providing feedback, as well as being open to constructive feedback. I believe that empathy and valuing each other's perspectives are essential in our efforts. As a school counselor my job is to work with school personnel, parents and guardians, community partners, and other agencies to coordinate support for all students.

— **Mrs. Denise Schlueter - School Counselor at Muraski Elementary**

In my more than 43 years of employment at Strongsville City Schools, I have witnessed a lot of changes. Through all of those years, it has been my experience that to be successful and productive I have needed to be resilient. You can't be resistant to change and be effective at work and home when the world around us is changing so rapidly. I continue to be thankful for the opportunity to serve our District and community.

— **Mr. Wayne Brooks - Head Custodian at SHS**

Keeping homes safe, comfortable, and healthy.

The saying "it takes a village to raise a child" is proven true in the school setting as it takes a group of dedicated, creative, resilient adults to make the educational experience a success for each child and their individual needs. I am grateful to have collaborative leaders and peers who have taught me the power of working as a team. Through them I've learned that, in the face of challenges, much can be overcome by working together to find a solution.

— Mrs. Kristen Gerber - School Counselor at SMS

Being resilient as a teacher is not just a sporadic effort. It is a practice we engage in every minute of every day. Each day, I strive to adapt my teaching methods to meet the diverse needs of my students. I have a clear vision of where I want my students to go and the path I wish to guide them along. Ultimately, when those remarkable moments occur and students reach their destinations, every challenge and detour along the way becomes worthwhile! By explicitly teaching resilience to my students, I reinforce my own resilience as an educator.

— Mr. TJ Lett - 3rd Grade Teacher at Whitney Elementary

Our team is constantly given opportunities to learn how to do new things and also take on projects in the District. We are empowered to use these new skills to handle work that might otherwise be contracted out. I'm proud of the work we do - positive self-esteem provides empowerment. There is lots of room to take the skills we've learned and do what we need to do to help the District - and that's empowering.

— Mr. Dan Wilson - Skilled Maintenance Worker at SCS

Empowered is very meaningful to me, as I believe it is essential for SHS students and educators to remain curious about their learning. We value providing students opportunities to reflect on their learning experiences and having them use feedback from peers and adults to cultivate a growth-oriented approach in taking ownership towards achieving goals and unlocking new possibilities.

Keeping homes safe,
comfortable, and healthy.

Working with parents of students with disabilities and the staff that support them is a job that requires sharing knowledge, empathy and understanding. Parents that have the understanding of the special education process, their child's rights, and their responsibilities are empowered to advocate for their child. We all work as a team to make the best educational decision for our students. Knowledge is power.

— Mrs. Teresa Karsnak - Parent Mentor at SCS

Custodians wear many different hats around a school building, which gives us the opportunity for collaboration with all staff members. It is through our unwavering commitment to our students that we are able to work together to find new and creative ways to make learning environments safe, fun, and exciting. When our staff is excited, we pass that excitement on to our students. There is no greater reward than seeing the excitement on our students' faces!

— Mr. Chris Sofranko - Head Custodian at Chapman Elementary

While all of the Model Mustang competencies are important, resilient is at the top of my list. Being resilient goes a very long way toward enabling me to reach goals set by me, as well as those set by others. I continue to lean heavily on resiliency to help get past roadblocks that develop during a project, and to find new ways to solve problems.

— Mr. Scott Benson - Coordinator of Audio Visual at SCS

As a bus driver and SMS hall monitor, I have rules to follow and expectations to meet. But beyond that, I'm empowered to make how I do my job each day my own. It's a mindset on how I choose to be each day. A smile, wave, friendly greeting, learning names and using them, brings me joy. The more effort I put into making even the smallest positive impact on the people I interact with each day, the more joy I get back in return.

— Mr. Mark Wyler - Bus Driver & SMS Hall Monitor

The image shows the Gorjanc Home Services logo, which consists of a stylized sun with a lightning bolt and a water drop, followed by the text "GORJANC HOME SERVICES". Below the logo, the services offered are listed: "HEATING • PLUMBING" and "COOLING • ELECTRICAL". The contact information "216-352-6639 • Gorjanc.com" is displayed, along with the tagline "Keeping homes safe, comfortable, and healthy." and a QR code.

I enjoy teaching our students about different cultures around the world through Art. I have seen the benefit of global education, as my students are more accepting of diversity when they have an increased understanding of people who are different from themselves. Ignorance creates a fear of things that are different. Through education we can grow to notice what we have in common with others around the world, and then live more peacefully with them. Being global means understanding that each of us is a small part of a bigger community and we need to work together as a team.

— **Mrs. Debra Sue Solecki - Art Teacher at Surrarer Elementary**

After being in the District for over 15 years, I've found that the only way to thrive is to be resilient - willing to adapt and change in a disciplined manner. Instead of doing things "the way they've always been done," I've pushed myself to learn updated ways to optimize completion of tasks including learning new technology. While this can be slow and frustrating at times, it is essential to keep the focus on moving forward in order to achieve our district goals.

— **Mrs. Joanna O'Bryon - Administrative Assistant, Curriculum Department**

My job in Food Services is all about teamwork and collaboration. When we work as a team, communicate, help each other, and have fun, it makes the day run smoothly. I also enjoy connecting with students and having real conversations about their lives. Even these simple interactions can make a positive impact on someone's day.

— **Mrs. Michelle Kuznik - Assistant Cafeteria Manager at SMS**

Whether you are competing in sports or working through challenges academically, you're going to face adversity and are going to need to show resilience to carry you through. Having a resilient mindset can get you through the toughest of times. Keep Working!

— **Mrs. Chloe Fadenholz - Health & Physical Education Teacher / Varsity Girls Soccer Coach at SHS**

An advertisement for LK Heating and Cooling. The top half features a dark blue banner with the text "We're committed to your satisfaction" in white. Below this, the LK logo is prominently displayed in large, bold, blue letters. Underneath the logo, the text "Heating and Cooling" is written in a smaller, blue, sans-serif font. To the right of the logo, there is a yellow box containing the text "\$25 OFF SERVICE CALL" in red and black, followed by "\$250 OFF SYSTEM INSTALLATION" in blue and black. At the bottom, the text "Family Owned Since 1973" is written in black, and the phone number "440-777-2163" is displayed in large, bold, black digits. A disclaimer at the bottom right states "Not valid with other offers. EXPIRES 12-31-25" in black.

Dear Parents and Community Members:

It is my honor and privilege to serve as Strongsville City Schools' Superintendent. Our District serves more than 5,700 students and consists of one preschool, five elementary schools (grades K-5), one middle school (grades 6-8) and one high school (grades 9-12).

The Model Mustang is our District's foundational plan creating opportunities for our students to develop five durable skills - **Innovative, Resilient, Collaborative, Global, and Empowered**. The Model Mustang provides focus for all of our students (PreK - 12th Grade) and is our District's thirteen year commitment to provide a premier educational experience that is based on rigorous content and the integration and development of these five durable skills essential for life-long success.

In addition to providing opportunities for students, our staff is also committed to continuing to develop these same Model Mustang skills. This year's calendar highlights the different ways our Model Mustang is impacting the "People of Strongsville City Schools." Whether an individual is directly involved in classroom learning or is a member of our support staff, modeling these skills not only makes our team stronger, but also positively contributes to the growth and development of our students.

We have much to be proud of at Strongsville City Schools. Our students and staff continue to accomplish amazing things inside and outside of the classroom. SCS **is one of only 68 school districts in Ohio to receive a 5 Star Rating (Significantly Exceeds State Standards) for this year's State Report Card - our 2nd straight year earning a five star rating.** Our District has also been recognized by the National Association of Music Merchants (NAMM) Foundation for the **11th straight year with a "Best Communities for Music Education" award.** Our Treasurer's Office has received national recognition for budgets, financial reporting, and fiscal transparency for eight straight years with the **Meritorious Budget Award and the Certificate of Excellence in Financial Reporting** from the Association of School Business Officials.

I look forward to working with our parents and community in the coming year. If I can be of any assistance, please contact me at 440.572.7010 or cryba@scsmustangs.org. You can also visit our website (www.scsmustangs.org) for additional information about our District.

Go Mustangs!

Dr. Cameron M. Ryba
Superintendent
Strongsville City Schools
