April 10, 2013

Dear Barb and Rich,

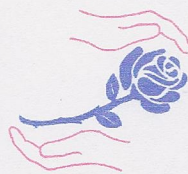

What appeals to us most about the Town Planner is its distribution to every home in Libertyville, where we are located, as well as some of the surrounding towns that are also in our target area.

We started with a small display ad to help keep our name in front of the community, and would like to consider the possibility of expanding to a coupon program for next year.

Thank you,

Julie Treger
Marketing Coordinator
