

March 21, 2012

I love the coupons. We are receiving 5 to 6 coupons per day. We continue to see our regular customers who look for our coupons from being in the calendar in previous years and we continue to see new faces, as in the past 2 years.

I love the way Bev works with us. She was able to work within our budget and get the coupons into areas where we needed to draw more customers.

I hope the Town Planner grows to include the whole town. I highly recommend the Town Planner as an effective tool. The Town Planner brings people through the door.

It's been a valuable asset to our business.

A handwritten signature in black ink, appearing to read 'Jeremiah Welchel'.
