

ESTABLISHED. STRATEGIC. STRONG.

March 5, 2012

Hi Joyce,

I am writing you a quick note to let you know how impressed I have been with the response from my ad in the Town planner Calendar in West Sacramento. As soon as the calendar came out I started receiving calls! Also, the recognition alone from the local people in my community is outstanding! Everywhere I go, from the local Jamba-Juice, to the parents and kids at my daughter's school stop me to say they have me up in their home, or on their fridge.

I have already gained enough business to more than justify the cost of the advertising.

Looking forward to continuing the advertising with you in the future too!

Have an AWESOME day!
