Dear Town Planner Community Calendar,

I work at the Rocklin Chamber of Commerce and the Town Planner is by far our most requested item. Our members eagerly await their arrival in the mail and then we get calls from community residents and business owners asking for more! I think they enjoy that it reflects the spirit of the community with it's color pictures and local events, as well as showcases local businesses with ads and coupons.

Personally, I use the calendar to keep the upcoming Chamber events and meetings on, and it is helpful that I am reminded of holiday's and city/local events that are right there on the calendar!

Keep up the good work Julie and Anthony!

Natalie
