

Chester Car Wash and Detail Center

Thank you Town Planner for adding to the success of our business since 2003. We have had tremendous success from the coupons in your publication. Obviously, that's why we keep renewing.

We have definite returns on the coupons for an average of 3% a year redemption. And the best part is that the coupons continue to come in throughout the year, not just in the beginning of the year. We are very happy with the Town Planner and will continue to keep it in our marketing budget for years to come!
