

Dear Stella,

Thank you for introducing me to the Town Planner Community Calendar to promote my business. I loved the concept back when you started in 2010. I use the Town Planner calendar everyday in my business and at home. In my opinion it is the best advertising avenue for my business.

I advertised in the Town Planner since you first brought this to our community, and each year my customers look forward to receiving their calendar and to find my coupons inside waiting for them. It's good to see new customers bring in the coupons and saying how helpful that they can easily find my phone number and location so easily.

My coupons have been very successful and I am ready to renew for 2014.

Creating Sweet Memories everyday.

*JoAnn Rochelleau*
