As one of the area's largest employers, we are constantly recruiting for quality employees.

The Town Planner plays a vital role in our recruitment success. I continually have applicants tell me that they have seen our ads in the calendar!

I am very pleased with the exposure and recognition that ACS, a Xerox Company is getting. With our ads being on display in over 50,000 homes each day, it helps us stay in the forefront of potential applicants minds. A person may not have a need for a new career every-day but because of the daily exposure in this very useful media, we have an excellent opportunity for consideration.

I have been so pleased with the results, that while we have dropped some of our other marketing media, we have decided to continue with what has proven successful - The Town Planner.

Thanks
