who, what, where, when...in north fulton

There will always be a demand for a publication like the Town Planner. Residents don't just receive the calendar, they USE it for the entire year. We are able to maximize our marketing dollars in the community by running advertisements in the Town Planner Calendar and hitting the market continually for 12 months. It is truly a unique product and marketing vehicle for our services."

David Andrews
Publisher, norfu.com
Vice President/Chief Operating Officer
