

**CLIQ TAX, INC.**

Tom,

I wanted you to know how well the calendar worked for us this year. It simply outperformed any of the other mediums we used. We received 29 coupons for total revenues of just over \$4000. That is better than 100% ROI!

Being able to target specific months, we can reach more residents in our area, at the time that they need our service. Having our ad hanging in the home, at the time when tax decisions are being made is key to getting new business.

We are looking forward to next year's calendar.

Thanks

John Colehour
