Dear Perry,

Thank you for inviting us to be part of the Merrimack Community Calendar. The visibility from the ad that we placed in the calendar has generated an increase in calls of inquiry as well as new customers to our program.

After trying many advertising options, it is nice to be part of a community resource that actually benefits the participants while bring a value to the area residence.

We hope to have a long standing relationship with the Town Planner Community Calendar. Thank you again for the opportunity to be part of this venue.

Sincerely,

Debra Mitrano
President
