To Whom It May Concern:

It is a pleasure to write this letter in support of Joyce Carter and the Town Planner. I have known Joyce for almost two years and find her to be extremely professional and enthusiastic about her work. Having been in private practice for over 15 years I have had just about every advertising product pitched to me. What makes Joyce and the Town Planner different? The product actually works! Everyone uses a calendar. Having one with all the pertinent community activities already displayed makes sense. Having your Ad seen over and over again makes GREAT sense. I can't keep the calendar in my office. Patient's just love them. I am so confident in Joyce and the Town Planner that I have already secured my position for next year.

Joyce's ability to meet business objectives in a congenial manner is commendable. She has been dependable and displays a positive attitude. We appreciate her consistent effort to reflect Creekside's high ethical standards and professionalism while providing superior effort and customer support. She has gone far beyond the call on many occasions and is truly unique in this aspect.

I happily endorse Joyce Carter and the Town Planner to anyone seeking to expand their business. It is truly a pleasure to know and work with her.

Sincerely,

Todd J. Antovich, D.C., B.A., B.S.
