I am ecstatic to announce my first referral of the year was from the Town Planner! I attended a network group with Rich where I proudly announced that the Town Planner, along with the network group, was one of my best sources for referrals.

My ad is in front of and present with my clients and potential clients EVERY DAY every month all year long!

Over the last three months I have continued to get new clients from the Town Planner.

In touch,

Dr. Danny McLane, owner
