Feb. 20, 2008

Dear Gary,

Just a quick note to let you know that I have gotten several responses from people regarding our Music Pups program from people who saw our ad in the calendar. Being a new business, this advertising necessity has been kind of a "shock to the system", and I feel like we have absolutely thrown our money away on several advertising areas. This seems to be one that is actually being seen and getting a response.

Thanks for your efforts on our behalf. You went the extra mile to make sure the ad was what we wanted, that it looked good, etc.

Oh, yes, people who see the calendars seem to be very glad to get a copy.

Thanks again,

Patsy Rabinowitz, Director
West Chester Academy of Music
