March 14, 2014

Dear Barb and Rich,

This is our second year advertising in the Town Planner Calendar, and we're glad to have added a second town (that borders the town we are located in).

Bodega gets back two or three coupons a week, which I keep in my desk drawer. The restaurant owners are very happy with this return.

Last year, when we first advertised with the Town Planner, our new restaurant had recently opened. The exposure from the calendar being mailed to all residents in Gurnee, and the branding that resulted, was especially important.

With appreciation,

Karen
Manager at Bodega Grill
