

April 25, 2012

Dear Barb & Rich,

We are happy to have been with Town Planner since it was first introduced in the Libertyville area, and look forward to participating for the fourth year in a row.

As you know, Mickey Finn's has a very visible presence in this area, since we market through many channels. I like the flexibility of the calendar in terms of the different positions that are available. We can promote a special event with the monthly photo, we can offer different specials according to the season, and we can even own the day! What could be cooler than that?

The very visible March photo, combined with a March coupon and day sponsors, makes it obvious that Mickey Finn's is the place to be for St. Patrick's Day!

Sincerely,

Brian Grano, Owner
