Nancy Deruscia
Town Planner

Dear Nancy:

Just writing to share some positive thoughts about using the Town Planner as an integral part of our advertising efforts. The response we receive from your readers, by far, exceeds any other media form we have used to date. Not a day goes by that we don't have coupons from your publication included in our daily reports and receipts. To say that we are pleased is an understatement.

Needless to say, we will continue to avail ourselves of your services in the future.

Sincerely,

Robert D. Bevington, Owner
