Dear Barb & Rich,

As a new business owner, and first-time participant in the Town Planner Calendar, the exposure we've received and the results we've experienced in January have contributed to this being our strongest month ever.

The combination of a photo and coupon has been extremely effective. Over 80 coupons have been redeemed in January alone, and even more people – at least 100 – have given positive feedback on the photo. We're off to a great year. And remember... "When hungry, go Bonkers!"
