

My name is Kyle Johnson and I am the GM here at the Chevy's in Elk Grove CA. I have known and worked with Joyce over the past 6-7 years previously at the TGIF here in Elk Grove as well. Joyce drives a hard bargain to pass up with the Town Planner and it really drives in the traffic in today's tough times. When I was with TGIF we had great success with the Town Planner and recently we decided to go to the Town Planner again with Chevy's. This go around you would not believe the foot traffic walking in the door it is absolutely unbelievable. We have double to triple of the coupons coming in than I remember previously and the calendar really does go out to thousands of potential customers as Joyce states and the presentation of the calendar really catches your eye. Thank you Joyce for convincing Chevy's to partner with you and we are looking forward to another year in 2015.
