We started using Town Planner in Davis as soon as we heard they were going to start printing their calendars there. As soon as the calendars went out, we immediately saw an increase in customers visiting our restaurant. We have been in Davis for three years, and there were still a lot of people that didn't know we were there, so it definitely helped us out.

The fact that we got multiple months, also helped a lot because it reminds people to come back and keep trying us. Joyce Carter has been really nice and helpful, and made everything so easy since we are always busy trying to run the restaurant. Town Planner is really great for a business advertising!!
