

Chapala Mexican Restaurant

5697 Glenwood Street, Garden City

May 7, 2008

Marlene,

We have been advertising in the Town Planner since our restaurant opened seven years ago. It works great! I would recommend it to any business.

We have several customers who were first timers using our coupons, and now we see them on a regular basis. There have been some days that we will see between 10-20 coupon redemptions. Our customers have said how convenient it is to have the coupons on a calendar where they are looking frequently.

We appreciate how friendly and easy your staff is to work with, and we will continue advertising our business in the Town Planner. Thanks for helping our business to grow.

Sincerely,

David Marin.

David Marin
