

Davis Sushi Buffet

Like everyone else, at first when I've heard Joyce introducing about the Town Planner Calendar, I was skeptical about its effectiveness. But because we didn't have many advertisements for our restaurant at that time, so I decided to give them a try! And now, I think it is the worthiest advertising money I've ever spent until now! Just within couples of weeks after the calendar issued to residents, we immediately got new customers coming to our restaurant with our coupons on the calendar!!!

Wow! Thanks to you, Joyce and your team to make that excellent advertising tool!
