Town Planner Calendar:

I wanted you to know how pleased I am with the Town Planner Calendar. I participated in the 2000 Town Planner Calendar when I first opened my restaurant. I have been doing the Town Planner Calendar now for eight years.

I like the fact that I am the only Mongolian Grill restaurant in the Meridian TPC. We see a lot of coupons daily and we like the fact that we see a lot of new customers as well as old faces. It keeps people coming back. It is so worth the money spent.

I really like the fact that Marlene takes care of everything. She does the ad copy, makes any changes and mails it out to the best homes of my area. I picked up the new Meridian South edition as well as doing the Meridian North because I didn't want to see my competition getting into the Town Planner Calendar.

I would recommend any business that is trying to gain new customers and to also keep the ones they have, by doing the Town Planner Calendar. It is a great way to get into the best homes and stay there. People really use the calendar because of all the school schedules, events, coupons and Idaho photos.

I will continue to participate in the town Planner Calendar for years to come.
