Tang's Restaurant has been on the calendar since Barb & Rich's first edition, and we are going on our 4th year! We see many coupons come in, many months before the coupon appears on the calendar. This means households are going through the calendar all year long.

Simply said, the calendar works! The first year we have been in the calendar and it still holds true this 4<sup>th</sup> year and every year in between. In fact, every year we see new clients and the number keeps on growing. In the past we experienced road construction and our guests still visited us. I think the calendar helped bring the clients in even under the worst circumstances.

Thank you Town Planner!
