SUSHI, PAN ASIAN FOOD & BAR

December 19, 2011

I was surprised that the coupons started coming in right after the calendars were delivered on Thursday. 3 came in on Friday. 3 came in on Saturday.

March 7, 2012

The calendars turned out well. I would probably do some display ads for next year.

We are receiving about 10 coupons per week or more. In our highest week we received 30 coupons and the least we received in a week was 7.

We are getting new customers due to the coupons who we know will spread the word to their friends. The total amount of the bills ranges from \$25 to \$100. People are pleased with our offers. I've heard people say that they are definitely coming back.

The Town Planner coupons are the only offers we have out there right now. They are easily tracked.
