Sue,

Thank you for informing me about the Town Planner Calendar. I am so happy that I decided to advertise in the 2007 issue. I have had more customers stop by my shop, because they saw my ad/coupon in their calendars, than all other advertising I have done combined. And it is only the end of January. I am already working on my advertising dollars for 2008 so I can run an ad/coupon in the Town Planner.

You are a pleasure to work with. You have been very helpful to a new business owner.

Again, thank you.
