

27 March 2008

Wojo

The Town Planner has been one of the best marketing vehicles we have ever used! We started receiving coupons (in the middle of winter) and comments about our advertisement as soon as the calendars were delivered to the homes.

I appreciate your commitment to helping us grow our business and our client base as well as the exposure the calendar has given us. I know that the relationship Sleepy Hole and the Town Planner has built will last a very long time.

You can count us in as a Town Planner sponsor as long as I am here running the golf course. Thank you for everything!

J. T. Belcher
