

I wanted to take some time to talk about what a great marketing product Joyce Carter offers to her clients. We are part of her Town Planner Calendar and have been for the past several years. We are so impressed with her far reaching audience as we receive on average 3 to 4 coupons redeemed from the calendar a day! We have seen our average ticket increase due to the coupons. It also brings new shoppers in the store as well as we offer different coupons throughout each month which Joyce suggested we do. That has been a big hit with the customers. I highly recommend Joyce and her marketing skills to better your business sales.
