Dear Barb and Rich,

It's been very pleasant working with the Town Planner for the second year in a row. Participating in the calendar has definitely brought additional business to AireServ.

I also appreciate your inviting me to the various networking groups you're involved in, and taking the time to introduce me to the local business owners. Several new customers have come from the networking activity as well!

The Town Planner is a great advertising tool, giving exposure that lasts all year.

Sincerely,

Clarence Ballinger
Owner
