To Scott,

Thank you for including us in the 2013 Town Planner Calendar. We have already had numerous calls directly attributed to the Calendar that have developed into multiple projects and we still have most of the year to generate additional business. This benefit, in addition to getting The Edge Remodeling name branded within the local community, has helped make this advertising campaign a great success.

How else can you have a unique advertisement for each month, seen daily, by thousands of potential customers, for a reasonable price?

Respectfully,

Rodney Weichert
