"When Its Time to Replace—Call ACE"

October 27, 2005

Dear Arnie:

We just wanted to express to you our satisfaction with the Town Planner Calendar. We have received numerous phone calls resulting in increasing sales for our company. Ace feels that advertising with you stays in the home longer than with other "mailers" that might get thrown out more readily. We go into homes everyday and note the Town Planner Calendar in many of the homes. It is also a pleasure to deal with you, Arnie. Thanks again for all of your help.

Sincerely,

David Fischer
Vice President
