

Hayden & Hayden Agency, Inc.

March 30, 2012

The Town Planner Calendar is a great concept! I love the Calendar. What other form of print advertising is actually kept and seen in the home on a daily basis? I love the opportunity to have my ad seen in thousands of homes in my local community every day for the entire year. Not only is the advertising affordable, but Mike & Scott continuously work hard to help grow my business through their own personal referrals.

I highly recommend Mike & Scott and the Town Planner to any business looking to gain exposure in their local market in a cost effective manner.
