Town Planner Calendar

Marlene,

I wanted to take the time to let you know that the Town Planner Calendar works. When you first approached me about signing up with your company I was leery. I am here to say it works and I will continue to advertise in the calendar. I receive calls generated from the ad in the calendar almost weekly or someone say's they know me. When in actuality, I am the pin up in their house or business, which opens the door to their insurance needs.

Thanks,
