Dear Bill,

I've thanked you before and there's more great news I'd like to share with you.

As you know, I started with Town Planner in 2011. Since then I've had plenty people tell me they've seen my ad. Today is no exception. A vendor stopped by my office who lives in Lake Villa. It was the first time he and I had met face-to-face, yet he stated he felt like he'd known me for quite a while since he "gets my calendar". I pointed to the Town Planner on my wall and asked if that is the calendar. He confirmed and stated it's up on his kitchen wall every year!

It's great to see my advertising dollars still well at work with Town Planner. Thanks for all you do and I look forward to continuing our relationship in the future!

Sincerely,

Matt Martinez
