Dear Advertisers:

I have just signed my third consecutive advertising contract with My Town Planner and Steve Nelson. This calendar provides all the information necessary for any family or business in the community. Whether it be a school schedule, phone number, or community event, it is documented on the Town Planner Calendar. I advertise with Steve because the calendar is a "must" in every home.

I utilize this advertising space to attract new business and as a retention tool with current clients. I have been pleased with the results in both categories. Steve Nelson is a real professional. His goal is to assist his advertisers in growing their business.

Very truly yours,

Cathy L. Carpenter
Agent
