Mike Thorsland just opened his insurance agency, Twin Cities Insurance Group, last summer representing a new carrier in Minnesota, Nationwide Insurance. He needed a great way to get the word out and become recognized around town. He decided to advertise in the 2007 Town Planner Calendar. Did it work? Well, by January 4th he had two calls and two sales resulting from his calendar ads. If you're in need of auto, home, life, or commercial insurance, check out Mike Thorsland's Agency. You can find his number "on your wall" if you live in Ramsey or Ham Lake. You can also see his ad by visiting www.townplanner.com.

Just hold your mouse over "Minnesota" in the list on the left, and then click on Ham Lake or Ramsey. When you get to the local home page, you'll find Mike's ad in the Community Events section. And if you're in need of more customers for your business, you know where to go: right there on your wall.

The Town Planner gets results.

Look for his ad in the Ham Lake or Ramsey editions of the Town Planner calendar.
