I can truly say that we are very pleased with the professionalism of Stella and Tony Ciancio. The Town Planner Calendar has truly been a great way for our business to stay in front of potential customers as well as increase our public profile. What makes the Town Planner Calendar truly unique is how it supports local events and activities. If given the choice I know it is the calendar of choice for most families. I know as a family of 6 it has become the focal point to keep all our activities organized. We are so pleased to be a part of the Town Planner and we are excited to continue to be.

Jeremie and Kim Bornais
Owner Broker of Bornais Insurance & Financial Services.
