We are a small family owned and operated sales and service business in the Lawn and Garden industry. We offer a variety of services. I have tried several different advertising avenues. I started using the Town Planner Calendar as an advertising source 2 years ago. I started out minimal with just a few date blocks that proved to be VERY successful! The following year, not only did I do the ever so popular date blocks, but I added six coupons. Also, I extended my coverage to include two neighboring zip codes. The folks at Town Planner made this option MORE than affordable and easy for me to do. I have made The Town Planner Calendar my ONLY advertising source, due to the FACT that it is single-handedly the best advertising I have ever done. If you want your phone to start ringing...then call Town Planner TODAY!!!

Sincerely,
